Wind Blast is a magic missile with a range of 24". The target is 'pushed' D3+1" directly away from the caster (it does not change facing). If the target unit comes into contact with impassable terrain it stops 1" away and suffers D6 Strength 3 hits. If the target unit comes into contact with another unit it stops 1" away and both units suffer D6 Strength 3 hits. Targets that cannot move are not pushed back at all, but still suffer D6 Strength 3 hits. The caster can choose to summon a more powerful wind that pushes the target back D6+2", rather than D3+1". If he does so, the casting value is increased to 14+.

This spell is cast upon any fixed point on the tabletop. Place a suitable marker over the exact spot affected – a small coin is ideal for this. For as long as the spell lasts, the player rolls a D6 at the start of each player's following Magic phase. On a score of 1-3 nothing happens, but place another marker on the first. On the score of a 4-6 the comet strikes the spot. All units from either side that are within 2D6" are struck by the comet. Each unit struck by the comet takes 2D6 hits, +1 hit for each marker on the comet, at a Strength equal to 4 plus the number of markers on the comet. Once cast, the comet cannot be dispelled. The Wizard can choose to cast this spell so that the comet starts with two counters rather than one, and two counters are added each time the comet fails to land. If he does so, the casting value is increased to 24+.

Chain Lightning is a direct damage spell with a range of 24". Chain Lightning causes D6 Strength 6 hits. Once the damage has been resolved, roll a D6: on a 3 or more, choose an enemy within 6" of the initial target – the lightning leaps to that unit, which suffers D6 Strength 6 hits. Keep rolling for further victims (each within 6" of the last target struck), until the roll is failed or there are no more viable targets (a unit can only be the target of Chain Lightning once per Magic phase).
