The target unit must pass a LD test; if failed each model in the unit must fight a round of combat against itself. Any casualties inflicted counts as having been made with shooting attacks and may cause Panic.	Remains in play. Place an appropriate marker no larger than 1" in diameter to represent the Oceanic within range of the Wizard. Whenever an enemy ur wishes to fire upon or declare a charge against a ur in the High Elf army, it must first measure the distant to the Oceanid. If the Oceanid is closer than the targunit, it must make a LD test. If the test is failed, the enemy unit is distracted by the Oceanid, and the attack/charge is not performed. If the test is passed no Oceanid will have any effect against that unit for rest of the game. This spell has no effect against un with Immunity (Psychology).	Remains in play. Any enemy attacks targeted at the unit will suffer a -1 to hit penalty.
