The target suffers D3 hits that wound automatically with Armour Penetration 0 and Magical Attacks, with no Special Saves allowed (note that Armour Saves are allowed).

The target gains Divine Attacks. In addition, it must reroll failed to-hit rolls with Close Combat and Shooting Attacks.

When calculating Combat Score, a side with units containing at least one model affected by the spell suffers  $-X$  to its Combat Score (for each affected unit and instance of the spell), where  $X$  is equal to the number of Characters in the unit, increased by 1 if the unit contains any R&F models.  
A Character leaving a unit that was the target of the spell no longer is affected by the spell, unless the Character was a single model unit that was the initial target of the spell.
