The Range of this spell can be measured from the caster or from any Forest Terrain Feature on the table. The target suffers -1 span style="color: #006000;">{-2}/span> Weapon Skill and Ballistic Skill, both to a minimum of 1.

This spell has different effects depending on the Height of the largest fraction of the target unit's models (use the largest Height in case of a tie). Standard: Raise span style="color: #ff0000;">5/span>span style="color: #006000;">{7}/span> Wounds. Large: Raise span style="color: #ff0000;">2/span>span style="color: #006000;">{3}/span> Wounds. Gigantic: Raise 1 span style="color: #006000;">{1}/span> Wound. If the caster has The Oaken Throne in play when certain spells are cast by the caster, the span style="color: #006000;">{augmented}/span> version is used. In that case, use any text marked with span style="color: #006000;">{}/span> and ignore anoy span style="color: #ff0000;">red/span> text. For the Attribute Spell, The Oaken Throne must be in play when the Spell triggering the Attribute was cast.
