The target has Regeneration (4+) until the start of the caster's next Magic phase.	Place the small/large round template anywhere within 18" of the caster. Roll the artillery dice and the scatter dice. Unless a Hit! is rolled, move the template the distance shown on the artillery dice, in the direction shown on the scatter dice. If a misfire is rolled, centre the template on the caster and roll a scatter dice and a D6/2D6. The template moves the number of inches equal to the result of the D6/2D6, in the direction shown on the scatter dice (if you roll a Hit!, use the little arrow shown on the Hit! symbol).	The target has Stubborn and Immunity (Panic) until the start of the caster's next Magic phase. Boosted version targets all friendly units within range.	The target has +1 T until the start of the caster's next Magic phase.
	Once the final position of the template is determined, all models under the template must take an I test.
